SA Sahjanand
ALLOYS
CARBON STEEL & ALLOY STEEL CASTING

MANUFACTURER OF ALL TYPE OF M.S. CASTING, S.G.I. CASTING AND C.I.CASTING & OTHER ALLOYS CASTING

We, at SAHJANAND ALLOYS are engaged in Manufacturing of a wide range of Steel casting and S.G.I. and C.I.Casting in different metallurgical specifications. These includes WCB Casting, Manganese Steel & Carbon Steel Casting, Nickel and Molly based Casting, EN Series Casting etc. located at Plot No.53 & 54 Saundarya Industrial Estate, Near Mizan Motor Weigh Bridge, Bakrol-Gatrad Road, Bakrol, Ahmedabad-382430, our well developed infrastructure with complete production facilities spread over an area of 1800 sq. meters. Casting foundry experience more than 15 years. Manufacture highest quality casting at very competitive rate and provide prompt delivery to all customers in India and outside India. The Company Manufactures products for customers who expect perfection. Our Casting capacity range is between 20 kg to 2500 kg single piece.

Today the company has earned a good reputation in Marine Industries, Sugar and Paper Mill Industries, Rolling Mill Industries, Mining and Mineral Industries, Crusher Machinery, Rubber Mill Industries, Irrigation Industries, Power Plant Industries, Various types of Valves and pump Casting, Coupling and Gear Boxes and All other types of Machinery parts by setting high business standards in depth engineering knowledge and experience, with a solemn commitment to maintain the highest quality standards and just in time delivery.

OUR MAIN PRODUCTS

Grades as per National and international standards like. IS standard, ASTM standard, EN Series etc.

- 👉 Plain Carbon Steel
- 👉 Low Alloys Steel
- 👉 Corrosion Resistance Stainless Steel
- 👉 Heat Resistant Steel
- 👉 Manganese Steel
- 👉 Abrasive resistant Casting
- 👉 S.G.I. and C.I. Casting
- 👉 All other grades as per customer's specification

TYPE OF CASTING APPLICATION

- 👉 Marine Bollard Casting
- 👉 Rolling Mill Machinery Plants
- 👉 Chemical Machinery Plants
- 👉 Sugar Mill Machinery Parts
- 👉 Cement Mill Machinery Plant
- 👉 Crusher Machine Machinery Parts
- 👉 Valves and Pump Casting
- 👉 Power Plant Machinery
- 👉 Coupling & Gear Box Casting
- 👉 Irrigation Machinery Parts
- 👉 Other Engineering Products.

APPLICATION

- 👉 Marine Parts
- 👉 Valve Industries
- 👉 Fertilizer Machinery
- 👉 Rolling Mill
- 👉 Crusher
- 👉 & More Industries...
- 👉 Sugar Mill
- 👉 Dam Gate

FOUNDRY DETAILS & FACILITIES

- 👉 Power Connection 625 KWA
- 👉 Induction Furnace with Melting capacity is 2500 Kg, 1000Kg, 200Kg and 150Kg
Crucible-Inductotherm India Pvt Ltd
- 👉 Co2 & 2Part sand hand moulding
- 👉 Mach plate patterns
- 👉 Chemical Test : Spectrometer (Fe and Ni Base) with 24 elements –
Metal Power Analytical India Pvt Ltd
- 👉 Mechanical Test : NABL Approved laboratory test certificate will be provided if required.
- 👉 Heat Treatment : 7 Feet x 7 Feet x 5 Feet in house furnace
- 👉 Shot Blasting Machine : 6 Feet x 6 Feet x 5 Feet – double door shot blast machine in House

INSTALL CAPACITY

- 👉 Over Head Crane : 5 Ton Capacity Crane – 04 Nos
- 👉 Installed Capacity 300 Mt.
- 👉 Present Utilized 200 Mt.
- 👉 Weight Range 20 kg to 2500 kg.

CRITICAL JOBS

CARBON STEEL & ALLOY STEEL CASTING

MANUFACTURER OF ALL TYPES M.S., S.G.I. AND C.I. CASTING

Saundarya Industrial Estate, B/53 & 54, Survey No.: 396-398-401,
Bakrol-Bujrang, Ta. Daskroi, Ahmedabad-382430. (Gujarat).
