MADHAV™
TECHNO CAST

Your Trusted Partner for Quality Casting

PRECISION STEEL CASTINGS

Carbon · Alloy · Stainless steel castings — manufactured by the sand casting process for valve & pump makers, engineering, power, cement, mining and oil & gas industries.

Carbon Steel | **Alloy Steel** | **Stainless Steel** | **Up to 1000 kg**

COMPANY PROFILE & CATALOGUE

ABOUT US

Professionally managed. Quality driven.

Madhav Techno Cast is a professionally managed steel casting foundry based in Ahmedabad, Gujarat, India. We specialise in manufacturing high-quality **Carbon Steel, Alloy Steel and Stainless Steel** castings for demanding industrial applications. With modern manufacturing facilities, skilled manpower and strict quality control, we deliver precision-engineered castings that meet international quality standards. Our focus is to build long-term relationships through reliable quality, competitive pricing and on-time delivery.

120 MT	100 MT	1000 kg	50+
MONTHLY MELTING CAPACITY	MONTHLY PRODUCTION	SINGLE CASTING WEIGHT	STEEL GRADES

OUR STRENGTHS

- Steel casting manufacturing — sand casting process
- Custom manufacturing as per customer drawing
- Strict, in-house quality control
- Reliable, on-time delivery
- Carbon, alloy & stainless steel castings
- Single casting weight up to 1000 kg
- Competitive & transparent pricing
- Modern manufacturing & skilled manpower

OUR CASTINGS

Custom Cast Components

Cast Ring & Hub Components

PRODUCTS & MATERIALS

What we manufacture.

PRODUCT RANGE

- Bearing Housing
- Pump Body
- Valve Body
- Gear Housing
- Machine Components
- Industrial Equipment Parts
- Mining Components
- Cement Plant Components
- Heavy Engineering Castings
- Customized Steel Castings

MATERIAL GRADES

Carbon Steel
General & pressure-rated castings

Alloy Steel
High-temp, pressure & wear duty

Stainless Steel
Corrosion & chemical resistant

STANDARDS

IS 1030 | EN Series | ASTM | DIN | BS | Customer Specific

MADE TO YOUR REQUIREMENT

We manufacture castings to your **drawing, sample or specification** — from prototype to regular production. Material grade, heat treatment and machining are tailored to the application, with inspection records supplied for every dispatch.

SAMPLE CASTING

Cast Steel Rope Pulley

Produced to customer drawing - cast, machined and balanced for smooth rope movement. One example of the engineered components we manufacture.

INDUSTRIES WE SERVE

Trusted across sectors.

Our castings perform in some of the most demanding industrial environments — from high-temperature power plants to abrasive mining and corrosive process applications.

- **Power Plants**
- **Cement Industry**
- **Mining Industry**
- **Oil & Gas**
- **Pump Manufacturers**
- **Valve Manufacturers**
- **Heavy Engineering**
- **Material Handling**
- **Sugar Industry**
- **Paper Industry**
- **Marine Industry**
- **General Engineering**

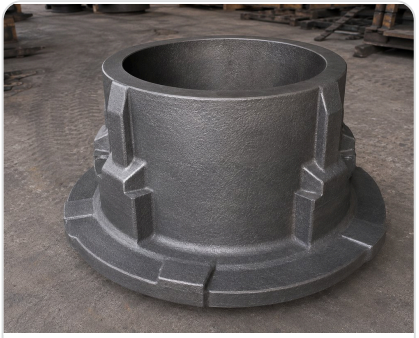

SAMPLE CASTINGS

Valve Casting

Flanged Coupling

Bearing Housing

MANUFACTURING PROCESS

From drawing to dispatch.

Every component follows a controlled, step-by-step route — ensuring repeatable quality from the first pour to final packing.

01 Customer Drawing Review

02 Pattern Development

03 Sand Mould Preparation

04 Core Making

05 Induction Furnace Melting

06 Chemical Composition Control

07 Pouring

08 Cooling

09 Knockout

10 Fettling

11 Heat Treatment (if required)

12 Shot Blasting

13 Machining (if required)

14 Final Inspection

15 Packing

16 Dispatch

Chemical composition is verified before pouring — every heat is controlled to target chemistry for consistent, reliable results.

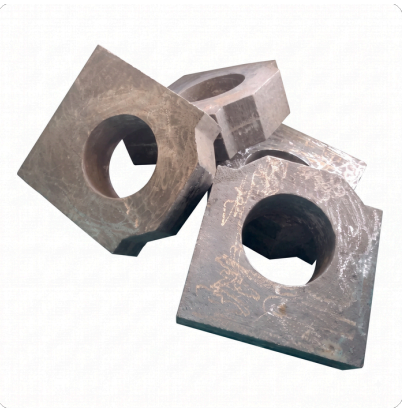

OUR PRODUCTION

Multi-Hole Flange Castings

Cast Ring Bushings

Square Flange Blocks

QUALITY & ASSURANCE

Quality is our highest priority.

Inspection Facilities

- Chemical Analysis
- Dimensional Inspection
- Mechanical Testing
- Surface Quality Inspection
- Spectrometer Testing
- Visual Inspection
- Hardness Testing
- Test certificates with dispatch

Every casting undergoes strict inspection before dispatch.

WHY CHOOSE MADHAV TECHNO CAST

- Consistent Quality
- Experienced Technical Team
- On-Time Delivery
- Custom Steel Castings
- Reliable Business Partner
- Modern Manufacturing Facility
- Fast Production
- Competitive Pricing
- Excellent Customer Support
- Long-Term Customer Relationship
